

Be part of the Vision Quilt

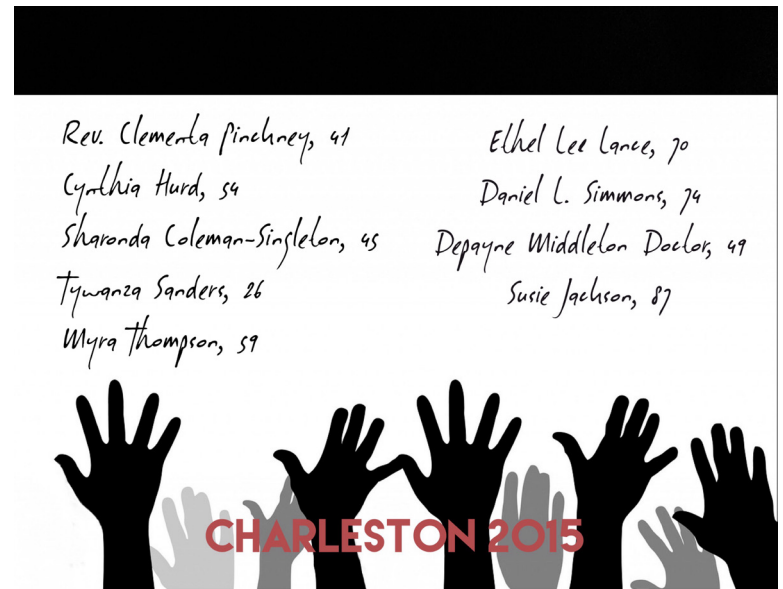

You are invited to create a panel for the national
VISION QUILT Project:

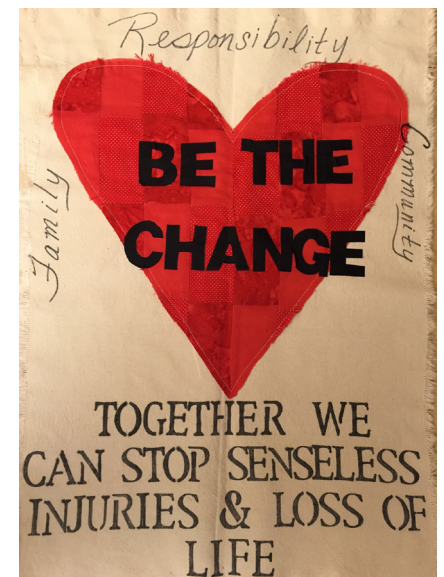

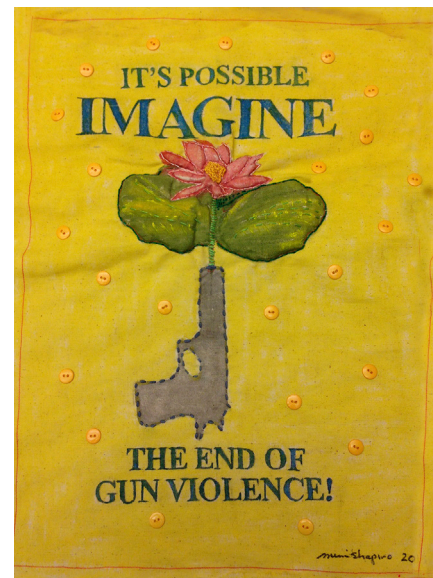

We are reaching out to people with diverse views across the country—including gun owners—to find common ground and transform the conversation around gun safety. We believe in the power of creative expression to create cultural change. When communities come together and voices are heard, change is possible.

Vision Quilt panels will be exhibited in community centers, schools, and places of worship, locally and nationally throughout 2016 and beyond.

- Participants will create 18" x 24" panels on fabric or canvas on the theme of "It is possible...."
- Tax deductible donations can be made online at visionquilt.org. Donations will go toward working with students, families, survivors, and veterans and exhibiting the Vision Quilt nationwide.

**Together we can prevent gun violence.
Join us.**
